## Q2 Computer Class Project

### Grades 1-4

#### *Microsoft PowerPoint*

In this assignment, the student will be creating a PowerPoint slideshow in class that will tell a story about anyone or anything. There will be no sound to the slideshow, just pictures and words. Ideas could be: what does family mean to me, the true meaning of Christmas, a tribute to our veterans, why I love Our Lady of Lourdes School, what Catholic School means to me, the life of Jesus, the beauty of nature, how I see Jesus in others, etc. Any ideas need to be in good taste.

This piece of paper serves as the planning phase and is worth 100 points. In order to earn the 100 points, the student needs to come to class prepared with this piece of paper completed along with pictures which can be submitted by hand OR brought in on a flash drive/memory stick OR sent digitally to [mflorczyk@ololschoolnj.org](mailto:mflorczyk@ololschoolnj.org). If the slideshow is something general, pictures can be found online in class. The most important thing is that the student comes prepared with a solid idea and works off this piece of paper while in class.

Project requirements:

- 1) Complete the outline on the other side of this page
- 2) The slideshow needs to have a **MINIMUM of SIX (6) slides and no more than NINE (9)**
- 3) Each slide needs to have a picture and words that will support the picture/idea
- 4) The first slide will include a picture and the title
- 5) The last slide will include a picture and the student's name
- 6) The last slide will not include "thanks for watching!"
