

Personal Mission Statement

My focus is to make Spanish fun so that my students want to pursue studying this language.

¡Me gusta mucho enseñar español!
quiero que ustedes se diviertan, aprendan y hablen español
en mi clase.

I love to teach Spanish!
I want you to enjoy, learn and speak Spanish
in my class.

Rules and expectations:

- Students have the right to reach their potential in Spanish; please do not talk out in class. I will address your question after you raise your hand.
- Participate by answering or asking questions.
- Come prepared every week with materials to work: pen, notebook, folder, and index cards.
- Complete homework for the next Spanish class. Late work will not be accepted, unless you have a valid excuse.
- Homework should always be headed with your Spanish first name (which you will receive in class) and your English name.
- Don't give up. Persist and you shall succeed.
- Make up work: When absent, it is your responsibly to get make-up work. Please see me before or after school about assignments.
