Dear Mr. Steger,

The terrible tragedy has deeply shocked all of us. As we watched the news on television and followed the online updates on the VT massacre our heart went out for the victims and their families.

As a teacher I was also very touched by our students' reaction to the tragedy. They've dedicated a great deal of their time to prayer and remembrance. That's when the idea of the Memorial Book was born. As a teacher I've supported my students in every way I could, but the idea, the design and all the thoughts and prayers are entirely theirs. Although the book is not perfect, it reflects students' care and dedication: the children have truly put all their heart into it. Please, accept it as an expression of our sympathy.

Sincerely,
