March 11, 2010

Dear Parents,

This is just a reminder about the proper procedures for dropping off and picking up your children from school each day. There have been a few instances of children almost being hit by vehicles because procedures are not being followed.

- All pedestrians (both children and parents) **MUST** use sidewalks and crosswalks. No one should be walking in the street.
- Students are to be let off at the **SIDE** of the street, not into the middle of the street. Passing cars may not see children getting out of cars.
- We have been reminded by the authorities that all students are to enter the playground from Booram Avenue. **NO** child should be let off on Cleveland Avenue. There is no crossing guard there and it is very dangerous.
- Please pay attention to the directions of the crossing guard. The crossing guard will signal you when it is safe to cross the street. Please do not walk into the street without being given the okay.

We all need to follow these guidelines at all times for the safety of our children.

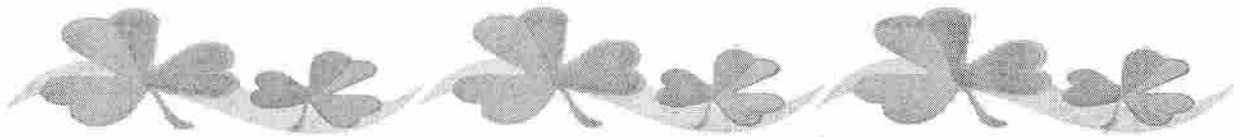

Thank you for taking this seriously!
